

# AMERICAN BRITTANY CLUB FUTURITY

## History and Overview

The American Brittany Club Futurities are Field Stakes and Shows established in late 1940's to showcase the breeding programs of Brittany breeders throughout the country and designed to encourage and reward the Brittanys who are promising representations of the breed in conformation and in the field. Such recognition is important to the breed for continued breed improvement. At its core, the Futurity is a Breeders Stake and seeks to highlight and reward the breeders, the backbone of our Breed, as well as the owners. This will be accomplished through the awarding of a cash purse derived from both nominating fees and forfeits.

The Futurity was strictly a field event until 1963 when Ann White inaugurated the Show Futurity. In this event, the dogs are separated by sex into three age brackets; Senior, Intermediate and Junior. The three class winners compete for first money; a reserve winner (second money) and a second reserve (third money) are chosen in each sex. First money male and first money female compete for Best in Futurity and Best of Opposite Sex in Futurity.

In 2000 the Futurity Committee added the Gun Dog Futurity to accompany the All-Age Futurity. At the time of running, those that paid the final forfeits had to make the choice between All Age or Gun Dog as no dog could participate in both field events at the same sectional futurity, but a dog can run in the All-Age in one section and the Gun Dog in another if the owner so chooses.

Brittany Breeders, who must be members of the ABC, nominate their litters with the Futurity Litter Nomination Secretary within 60 days of whelping. The nomination application is available in the American Brittany Magazine, and can also be downloaded from the ABC website. Puppies from a nominated litter are then eligible to compete in the Field and Show Futurities held in the year that they turn 2 years old, provided a final forfeit fee has been paid by the owner.

Example: A puppy born in 2013 would be eligible to compete in 2015.

The National Futurity Secretary will supply Breeders with the paperwork and instructions for the new puppy owners so that they can pay the Final Forfeit. It is the breeder's responsibility to insure that owners receive this paperwork before the October 1st deadline of the Final Forfeit.

Owners will have the option of competing in 1, 2, or all 3 Sectional Futurities (Eastern, Central & Western). Once the final forfeit(s) have been paid, the National Futurity Secretary will mail a premium containing the entry form for the appropriate Sectional Futurity Field/Show events.

The standards for both the field and show events are established by the ABC Board of Directors.

~~All dogs must be owned by members of the ABC or their immediate family as described by the AKC. The ABC Futurities are established for the purpose of encouraging and benefiting breeders and owners of Brittanys. The trials and shows were inaugurated by the ABC and are conducted under their rules.~~

~~Beginning 1/1/2004, the first and second forfeits are to be combined into a single "first forfeit" fee which must be paid within 30 days (judged by postmark) after whelping date. It has always been the judge's decision as to method of travel with the club picking up airfare or if driving, give them the option of reimbursement of actual expense (gas, lodging, and per diem for meals) or a flat fee. ~~or mileage (last set price of \$.25 per mile)~~ Horse rental for the field judges is also an appropriate expense. (2008). Some show judges set a flat rate that covers travel as well as the fee. If the field or show judges selected are on the grounds to judge or compete at the sectional trial or show, before or after the futurity, travel and judges expenses should be pro-rated (2008), but this is at the discretion of the host club. It is recommended that the club have a written agreement with judges (both show & field) outlining their estimated expenses and establishing the maximum amount allowable.

Section manager, show and field trial secretaries: These all fall into the same category, , they should be left to the various individuals for reimbursement. They may be reimbursed for out of pocket expenses if they request it. ~~Printing, postage, telephone are the basic expenses.~~ No personal expenses.

## **Reporters**

The reporter for each field stake may be someone who is running a dog in that particular stake, and must ride every brace. It is recommended that at the conclusion of the running of the field events, each stake reporter confers with both judges to insure that they have an accurate account of what the judges observed during that event. It is preferred that the reporter is secured prior to the event's running.

## **Grounds**

The locations should be as well distributed as possible. The Eastern futurity includes the east coast and east central regions. The Central is for central and Midwest regions. And the Western for the west coast regions. It is not advisable to have the eastern on the west side of the area the same year the central is held on the east edge of their territory.

~~Ideally, The grounds should have enough continuous courses so that no ground shall be covered more than twice a day.~~

Native birds should be available enough to allow for proper running of continuous courses, if possible. They may be supplemented with released birds in such an approved manner as to reasonably insure birds on every course and in as natural a condition as possible. Birds cannot be hobbled or shackled. Should the bird population prove too low for proper judging, a second series with planted birds may be run at the discretion of the judges.

See duties of the chairman and section manager for procedures for obtaining and approving grounds.

## **Dates**

The futurities are to be held during the spring season, just before a sectional trial, or immediately following a sectional trial. ~~The futurities are to be held during the week, just before a regional trial, or immediately following a regional trial during the spring season. (2008, 2010)~~ Both field events (all age and gun dog) will be offered. They may be run simultaneously or to follow at the host clubs discretion. They cannot conflict with the Futurity Show. It should be kept in mind that some amateur handlers involved may find a mid-week ~~trialing impossible~~ competition difficult. The dates of the sectional futurities must be approved by the National Futurity Committee.

The choice of dates should hinge on the time the best grounds can be obtained, the optimum conditions for trialing and the time that will draw the best entry. Dates for the futurities are subject to approval of the futurity committee.

## **Judges Selection**

Judges should be carefully selected and the choice made of top judges that the Sectional Host Club's budget will allow ~~in your area or in the adjoining areas if the budget can be stretched that far.~~ The "Standard of Performance for Brittany Futurity" must be sent to the selected judges for the sectional futurity (field & show) at least a month prior to the event, and the dogs should be judged according to those criteria. Judges should be those who recognize a class dog. Because in this event, dogs with future potential to improve the breed, should be selected. ~~The "Standard of~~

~~Performance for Brittany Futurity" shall be sent to the selected judges for the field trial and the trial shall be judged according to those criteria. Judges should be those who recognize a class dog because in this event dogs with future potential to improve the breed should be selected. A no judge may not officiate in more than one sectional futurity, field and/or show, in the same year. However the same person may judge the field (all age, gun dog, or both) event in one section and the show in another. If qualified, the same judge may be used for the field and show event. (2008) (Revised language)~~

No judge should have an interest by virtue of ownership, co-ownership, of sire, dam, immediate siblings (or an involved stud) in a futurity event that they are asked to judge. Breeders of eligible litters may not be selected. Individuals and/or handlers may not run/show a dog under a judge whom they co-own dogs with, or currently have had trained and or/handled by that particular judge before the futurity event. For all other questions of eligibility the AKC rules apply. The choice of judges must be approved by the Futurity Committee. If the judges selected are also on the grounds to judge the sectional trial before or after the futurity, travel expenses should be pro-rated.

~~No judge should have an interest in the stake by virtue of ownership or an involved stud. Breeders of eligible litters may not be selected. See SHOW PROCEDURES for points on the selection of a show judge. The choice of judges must be approved by the futurity committee. (2008)~~

Since the final choice of judges must be approved by the Futurity Committee, the host club must submit a list of prospective judges to the National Futurity Chairman before asking that judge for a commitment.

\*It is preferable to have separate judges for All Age and Gun Dog field events; however, in the case of very few entries and limited entry fees to pay expenses, the same judges may judge both the All Age and Gun Dog Field Events.

### **Bitches in Season**

In case of scratches, the field trial committee shall determine and announce before the running whether dogs shall be run alone or moved down to the next incomplete brace. In the case of bitches that come in heat after the stake has commenced, they shall be dropped down to the last brace.

### **Blank Pistol**

A blank pistol, .22 or .32 caliber, must be used. The use of .22 crimps or shotguns is not permitted. Pistols must be closed barrel.

### **Tracker Collars**

The use of tracker collars is permitted in accordance with current AKC rules & regulations.

## **STANDARD OF PERFORMANCE FOR ABC FUTURITIES**

## THE JUDGING THE FIELD FUTURITY

The Futurity field stakes (All-Age and Gun Dog) are run under the rules of the ABC and sanctioned by the American Field. The rules of the American Field apply unless contrary to the provisions of the ABC Futurity Program. It shall be judged on the Standard of Performance adopted by the ABC Board of Directors. There should be four placements awarded in each stake. Braces should be 30 minutes, and it is at the judges' discretion if a second series, or callbacks are needed. Placements should be awarded to the "Best Dogs" in the stake. Finding birds on the course should be a primary objective, however as these field events are conducted under rules of the ABC /American Field and not AKC, a placement without bird work on the course is permissible. Also, as an American Field event, the five minute out of judgment rule does not have to be applied, and the judges so advised. The decisions of the judges shall be final in all matters relating to the field trial performance of all the dogs.

## TRIAL PROCEDURE

~~The stakes are not recognized by the AKC but is **are** run under the ABC and the American Field. It shall be judged on the "Standard of performance" adopted by the ABC Board of Directors. Braces shall be ½ hour; if a second series is necessary, it is at the judges' discretion as to the length of time and the use of wild or planted birds. Since this is not an AKC event, the five minute out of judgment rule does not have to be applied, and the judges so advised.~~

~~The drawing may be conducted as a straight from the hat procedure if you desire with the following exceptions. All bitches in heat should be declared before the drawing. The rest of the field is drawn and then the bitches in heat are drawn. If an uneven number should require that the fist bitch be run with the last dog from the regular draw, and such dog is a male, that male shall be switched with the last female in the regular draw. If this should result in handler conflict the next to the last female in the regular draw shall be switched instead, etc.~~

~~In the case of scratches, the field trial committee shall determine and announce before the running whether dogs shall be run alone or moved down to the next incomplete brace. In the case of bitches that come in heat after the stake has commenced, they shall be dropped down to the last brace. In case of any places being withheld, the money awards for those places shall revert to The ABC's general fund.~~

~~There shall be four places awarded. Placements should be awarded to the "BEST DOGS" in the stake. Finding birds on the course should be primary concern, however as these field events are conducted under rules of the American Field and not AKC a placement without bird work on the course is permissible.(2008) As such the five minute out of judgment rule does not have to be applied and the judges so advised. (2008)~~

## ALL- AGE (Optional Horseback)

~~Futurity dogs shall be judged as to their potential for developing into championship All-Age Brittanys. They shall hunt the forward limits of the course with intelligence, eagerness, and desire with the obvious intention of finding birds. The dog must **should** (2008) locate and point birds staunchly and with style. No extra credit shall be given for steadiness to wing and shot, but they~~

~~shall be judged for their intelligence in finding and pointing birds in an unfinished All Age manner. The dog must respond to the handler but shall not be penalized for being more independent than an adult dog. A dog that handles at the extreme edges of the course shall be preferred over one that needs a scout to keep him on course, but both shall be preferred over a dog that does not have sufficient range for an All Age dog."~~

Futurity dogs shall be judged as to their potential for developing into Championship All Age Brittanys. The all-age dog is a free spirit and fills up all the available country (plus a little more) in a bold and sometimes reckless manner, yet ultimately acknowledges the control exerted by his handler and courses to the front in such a pattern as to maintain periodic, suitable contact with the handler. The judges should examine the total performance of the dog with range being kept foremost in mind. Range is the essential ingredient of an all-age dog, and it should take precedence over and not be compromised for a shorter performance no matter how immaculate the bird work of the latter. The dog must respond to the handler but shall not be penalized for being more independent than an adult dog. A dog that handles at the extreme edges of the course shall be preferred over one that needs a scout to keep him on course, but both shall be preferred over a dog that does not have sufficient range for an All-Age dog. They shall hunt the forward limits of the course with intelligence, eagerness, and desire with the obvious intention of finding birds. When birds are located, the dog should point birds staunchly and with style. No extra credit shall be given for steadiness to wing and shot, but they shall be judged for their intelligence in finding and pointing birds in an unfinished All-Age manner.

**GUN DOG (FOOT HANDLED ONLY) (2008)** ~~(added Gun Dog Stake Performance Standard)~~

~~Futurity dogs shall be judged as to their potential for developing into championship Gun Dog Brittanys. They exhibit a keen desire to hunt, a bold attractive style, intelligence in quartering (2008 (motion 22)) and seeking objectives, eagerness, and desire with the obvious intention of finding birds.~~

~~The dog must ~~should~~ (2008) locate and point birds staunchly and with style. No extra credit shall be given for steadiness to wing and shot, but they shall be judged for their intelligence and consistency of application in finding and pointing birds in an unfinished manner indicating their future potential as a high class Gun Dog. The dog must hunt for its handler at all times, at a suitable Gun Dog range. (2011) It must cover adequate ground, but not range out of sight for a length of time that would detract from its usefulness as a class Gun Dog. (2011)~~

Futurity dogs shall be judged as to their potential for developing into championship Gun Dog Brittanys. They shall exhibit a keen desire to hunt, a bold, attractive style, intelligence in seeking objectives, eagerness, and desire with the obvious intention of finding birds. When birds are located, the dog should point birds staunchly and with style. No extra credit shall be given for steadiness to wing and shot, but they shall be judged for their intelligence and consistency of application in finding and pointing birds in an unfinished manner, indicating their future potential as a high class Gun Dog. Throughout the brace, a Gun Dog must adjust his pace and range to prevailing cover conditions. When the cover is heavy and tight, he will naturally hunt closer. When the cover "opens up" he should naturally adjust to the opportunity to hunt more distant, inviting objectives that may be productive. Natural adaptability is the mark of a superb bird dog, and excessive calling or hacking by the handler to accomplish satisfactory ranging - either closer or wider - is detracting from the dog's performance. It must cover adequate ground but should never range out of sight for a length of time that would detract from its usefulness as a class Gun Dog.

## **THE JUDGING THE SHOW FUTURITY SHOW**

The AKC rules for Dog Shows applies to the Futurity events unless contrary to the provisions of the ABC Futurity program.

The Futurity Show Judge is to be familiar with the AKC Brittany standard. It is recommended but not required, that the judge should have attended the ABC Judges Education seminar within the last 5 years.

We encourage that equal consideration be given to each of the classes regarding Best Male in Futurity and Best Female in Futurity realizing that the more youthful dogs will be less mature, and provided those points of immaturity are normal and appropriate for the breed at that time in development, they should not be penalized.

Judges are not to anticipate what the dogs will look like in the future. Instead, they are asked to judge the Futurity to the best of your ability, following the AKC Brittany breed standard.

The judge should be instructed not to penalize dogs for being in field shape **(2008)** as many of the entries are entered in both the field and the show events. No dogs are to be measured in the Futurity Show.

~~It is recommended that the person in charge of the show should have conducted an AKC licensed specialty show, held in conjunction with a field trial. (deleted 2008)~~

~~An AKC licensed judge does not need to be used. Most licensed judges charge more than can be afforded and many will not judge an event that is not AKC approved. It has been the custom to use a Brittany person who is an AKC licensed judge, a professional show handler who has shown quite a few Brittanys, or a breeder who has had experience judging sanction matches. The choice of a judge must be approved by the futurity committee Chairman (2008).~~

~~The futurity show should be held in conjunction with the trial. It may be indoors or on the trial grounds, wherever appropriate space is available.~~

Show classes shall be divided by sex  
Senior classes shall be for dogs whelped January – April  
Intermediate classes for dogs whelped May - August  
Junior classes for dogs whelped September – December

## **ORDER OF CLASSES TO BE RUN**

Junior Males	Males born September/December
Intermediate Males	Males born May/August
Senior Males	Males born January/April

Winners

The winners of the three (3) preceding classes are judged against each other and the best male is chosen, then the second best (chosen like reserve winner at a regular show) and then third best

(chosen like a second reserve winner) The rule to follow is that after the judge chooses his winner, the dog that placed next below the winner is brought into the ring to compete with the two unplaced dogs. There shall always be three (3) dogs in competition. The three (3) top males receive money prizes.

Bitches are judged in the same order as the males were judged.

Best & Best of Opposite in Futurity: the 1st Money Male and 1st Money Female compete for this award.

~~Best in Futurity The best male and best bitch compete for this award.~~

Be sure the judge marks his book and that absentees are crossed out (or marked "Abs" or "DNS") and all winners noted. The judge must sign the results sheet or catalogue in use during the competition.

## **GENERAL PROCEDURES FOR THE FUTURITY SHOW**

It is the host club responsibility to prepare the Show Catalog.

It is recommended that the person in charge of the show should have conducted an AKC licensed show. It has been the custom to use an AKC licensed judge, a Brittany breeder, or a professional show handler. AKC licensed judges do not need to be used.

The choice of the judges, both field and show, must be approved by the National Futurity committee.

The Futurity show may be held indoors, on the trial grounds, or wherever appropriate space is available.

The judge is not to see the show catalog containing the AKC information of participants before or during judging. A blank judge's book must be used. A template is available from the National Futurity Committee.

~~The show judge shall be provided with a copy of the "Judging Procedure" in order to ensure correct class and money placement. (2008)~~

## **STEWARDS**

Two people are suggested, one to check dogs into the ring and one to pass out armbands, round up participants and answer questions.

## **TROPHIES**
