**I believe I can support the growth of the ABC which must be done if we are to have a viable organization. For instance, several years ago when I was President of the Oregon club it was realized by me and others that if we were to increase the membership in our club we needed to encourage new members to step up and into the officer positions and to take leadership roles in our events. I now believe we are the most active club on the West Coast and a big reason is this mentoring of new members. I am certainly open to new ideas to increase the strength of the ABC.**
