

# CORRESPONDING DATE TABLE

The chart below contains the Corresponding Dates starting with 2023 and ending with 2036. The column to the far left indicates the week of the year. Each succeeding column represents a separate year and gives the Corresponding Date for every Saturday or Sunday of that year.

Corresponding Dates throughout the year are based on the dates of the first Dog Event Weekend. The first Dog Event Weekend and the first calendar weekend do not always coincide. The first Dog Event Weekend is the first weekend to occur in which Saturday's date is neither January 1 nor January 2.

# CORRESPONDING DATE TABLE

The chart below contains the Corresponding Dates starting with 2023 and ending with 2036. The column to the far left indicates the week of the year. Each succeeding column represents a separate year and gives the Corresponding Date for every Saturday or Sunday of that year.

Corresponding Dates throughout the year are based on the dates of the first Dog Event Weekend. The first Dog Event Weekend and the first calendar weekend do not always coincide. The first Dog Event Weekend is the first weekend to occur in which Saturday's date is neither January 1 nor January 2.
